

Product Description

12V6A Adapter UL,CE,FCC,KC,ROHS:

12V6A Adapter ZF120A-1206000(desk)

Performance parameter:

1. built-in short circuit, the overflow, overheated protect
2. to be suitable generally for: Advertisement machine, monitor, power amplifier, peaceful against, the liquid crystal, the labor controls and so on products.
3. input voltage: 100-240V AC
4. operating frequency: 50/60Hz
5. output voltage: 12V DC
6. output: MAX72W
7. working conditions temperature: - 10°C-+40°C
8. working conditions humidity: 5%-95%
9. is suitable the area: Various countries, various local
10. conform to UL, KC, CCC, CE, FCC, GS, CB, SGS to authenticate
